# COLOURFUL CORAL PAINTING

Create a reef coral painting with the instructions below.

YOU WILL NEED

- Pink Paint
- Sponge
- Blue Paper
- Sand
- Plate
- Pipe Cleaner
- Glue
- Sea Stickers

INSTRUCTIONS

1. Pour the pink paint onto the paint.
2. Use the long side of the sponge to make 3 coral "trees" on the blue paper.
3. While this is drying, cut the pipe cleaner into 4 pieces and wrap the 4 pieces so each new piece forms a branch coming off the original piece.
4. Glue the coral to the base of the paper.
5. Add glue to the base of the paper to a height of around 5cm.
6. Pour the sand onto the paint.
