HISTORY OF DEMOCRACY

The timeline section to cut and paste.

Today - Most countries are democratic while others are working towards democracy

Less than 150 years ago - New Zealand was the first country to give women the vote.

400 years ago - Indigenous North America people formed democratic societies.

1,000 years ago - Vikings held Things once a year so their lawspeaker could settle disputes

2,400 years ago - The Roman assembly was created and spread throughout Europe

Around 60 years ago - First Nations Australians were given the right to vote

250 years ago - The people of France overthrew their King to create democracy

800 years ago - The Magna Carta ensured the king had to follow the same rules as everyone else and a parliament was created as a voice for the people.

1,500 - 500 years ago - The Dark Age / Middle Ages when tyrant kings had little democracy

2,500 years ago - The first school of democracy was created in Athens
