

COSTUME PARADE

In the story the cockroaches dress up and have a parade of their shiny, colourful and attractive costumes.

YOU WILL NEED:

- Feather boas
- Sequined top
- Glittery top hat
- Sparkly sunglasses
- Colourful tops
- Bright pants
- A catwalk on which to parade their costume.

Have children create their own costume for a parade. They can draw their costume design below and, if other children are involved, one of their favourite costumes another child has created.

Put on some dance music and let children parade their costumes and dance to the music as a form of fun physical activity.

Adopts inclusive practices when participating in physical activities.
