

Mapping

On the map below find Perth, Balladonia, Madura, Eucla, Ceduna and Adelaide.

Perth

Balladonia

Madura

Eucla

Ceduna

Adelaide

- 1 Kathleen and Jean took just under 34 hours to make the trip. How fast can it be driven now?

- 2 How much faster is this?

- 3 If an electric car with a range of 650kms were used for the trip how many times would it need to be charged to cover this distance?

- 4 If each charge took 45 minutes how long would the drive take? Is this shorter or longer than the time it took Kathleen and Jean?
