

# CONSTELLATIONS

The constellation we now know of as Orion is one of the most prominent and easily recognised constellations in the night sky.

## USE THE COORDINATES BELOW TO CREATE YOUR OWN ORION

(2, 19), (1, 15), (3, 12), (2, 16), (4, 19), (2, 16), (3, 12), (4, 11), (7, 5), (6, 0), (11, 1), (9, 5),  
(8, 6), (7.5, 5.5), (7, 5), (8, 6), (9, 10), (8, 13), (4, 11), (8, 13), (9, 10), (15, 11), (15, 12),  
(13, 15), (15, 12), (15, 10), (14, 8), (13, 7)

Uses the first quadrant of the Cartesian coordinate system
