

COUNTRY ANIMALS

In the story Open Your Heart to Country there are images of black cockatoos, monarch butterflies, owls and sulphur crested cockatoos. In each box below draw an animal you would find on your Country - this could be where you are now or on your own Country if you are off Country. Each animal could be a bird, reptile, insect or mammal.

Early Years Learning Framework: Outcome 4 - engage with situations to explore their environment and nature.
