

Needle Felted Chicken

Use the felting instructions below to make a chicken in the same way that Cat Rabbit made the animals for her book.

Please note: this activity uses a very sharp felting needle and would only be suitable for students in Grades 5 or 6.

You will need

- Yellow wool
- White wool
- Felting needles
- Red wool
- Black wool

Instructions

1. Make an egg shaped ball with the wool and felt this to form the chicken's body.
2. Make 2 triangular pieces with the ends still woollen as wings that can be attached to the chicken.
3. Attach the wings to the body.
4. Using white wool add 2 eyes.
5. Add 2 very small black balls as the pupils.
6. Make a red triangle and add a beak to finish the bird.

If you wish you can add yellow pipe cleaner legs like Cat Rabbit's animals.

D&T: ACTDEP009 - Follow a sequence of steps for making designed solutions such as a recipe.
